**PRESIDENT'S CORNER**

For many years, we have supported the Lions of Illinois Foundation (LIF) eyeglass collection program. We have two 24/7 collection boxes. One is located at the Naperville Bank and Trust Company branch office on Washington Street (next to the Post Office) and the other is located at the Naperville Bank and Trust Company branch office on Naper Boulevard (Spring Meadows Shopping Center). In addition, there are 29 different collection locations around Naperville, which are listed on our website.

Since 1994, LIF has distributed more than five million pairs of eyeglasses free of charge to give the gift of sight to individuals around the world. According to LIF, they collect approximately 220,000 pairs of eyeglasses annually from Lions Clubs around the state. Once received, the glasses are sorted as to whether the frame around the lens is metal or plastic. Plastic glasses

are sent to the Indiana Lions Foundation (Lions Eyeglass Recycling Center) located in Indianapolis, where volunteers clean, sort by prescription strength, and package the glasses. Plastic glasses are then distributed to individuals who need them in low-income countries, doctors of optometry, and vision technicians. Metal glasses are sent to a California recycling center where they are sold for their scrap metal value. The funds raised from the scrap metal eyeglass are used to support LIF programs.

No official records are kept as to how many eyeglasses are collected by NNLC, but it is estimated we collect between 5,000 and 7,000 pairs of eyeglasses annually. Both prescription and sunglasses are collected along with hearing aids, cell phones, and keys. Contact lens and eyeglass carrying cases are not recyclable due to sanitary issues and health guidelines, but are distributed to other organizations as needed or destroyed.

Collections of eyeglasses and other items can be taken to Dr. Mark Rafferty's office for storage until we deliver them to the LIF. Thank you

*The Head Lion-er*

Dr. Rafferty for providing the storage space. Hearing aids collected should be given to Lion Karen Maxwell and used in our local program to support individuals with hearing issues in the Naperville area.

We are coming to the end of the Lions fiscal year. Mark your calendar to attend the annual installation and awards banquet on June 14 at Clara's Restaurant in Woodridge. This is always a fun event.

**GEORGE LAZANSKY  
DISTINGUISHED SERVICE  
AWARD**

Lion Jim Ebers received the George Lazansky Distinguished Service Award at the District 1-J Convention on April 9. Lion Jim is most deserving of this award. He is the first to volunteer for every event and fundraiser that our club offers and does an incredible job organizing everyone to play in traffic during

Candy Day. Congratulations, Lion Jim!

**ADOPT-A-HIGHWAY**

Saturday, April 2, was a bit chilly as the club did its first trash pickup of the season. The day later turned colder, rainy, and had occasional snowflakes, but we were safely back in our homes by then.

Lions Glenn, Ken, Ellen, Tom, Jim E., Jim W., Donna, Kathy, Paul and Jackie collected about 12 bags of trash picking from 8am until 10 am.

Lions Paul, Jackie, and Jim Woodring drew the short straw as the east side of the road heading toward 87<sup>th</sup> Street had a lot of trash blown into the tree line. That team worked until 10am when the rest of the crew had their areas completed by 9:30 am. We will add a little more help in that section next time.

The prize for best find was won by Lions Donna and Kathy for the deer carcass. No antlers, just some deer rib and jaw bones. They promised

*The Head Lion-er*

they will make deer jerky for us if they find a more recent carcass.

It was another fun and productive event for the club. Thanks to all who helped.

Lion Glenn drove by the areas the club had cleaned a day later and already saw 3 items on the side of the road. We will unfortunately have more litter to get on our next pick up date of June 4.

**DISTRICT 203 Pre-K VISION SCREENING**

Naperville Noon Lions Drs. Katie Hertzberg, Mark Rafferty, and Michael Russell conducted Pre-Kindergarten Vision Screening for School District 203 students at Ann Reid, Scott, and Maplebrook schools in April, assisted by Lion volunteers Bob Hull, Bob Bremner, Ellen Wolff, Ken and Linda Strugalla, and Jim Ebers.

Over 70 incoming students received the free Pre-Kindergarten Vision Screenings. The screenings included the Lions Plusoptix S12C instrument, an optometrist exam, and completion of state vision test report forms.

Lions Mark Rafferty and Jim Woodring

An additional screening session is scheduled at Ann Reid on Thursday, May 12. Thank you to all who donated their time.

**Luncheon Speakers**

**OUR CHILDREN'S HOMESTEAD**

On April 5, we had three guest speakers from Our Children's Homestead: Jackie Stogsdill, Troy Reever, and Ray Rezek. Our Children's Homestead (OCH) is a therapeutic foster care agency contracted with Illinois Department of Children and Family Services (DCFS). OCH was founded 27 years ago and handles high profile cases involving extreme trauma.

OCH services 130 children in 120 homes between Naperville and Rockford. They serve the children from birth until age 21. When a child comes into the care of DCFS, OCH will work to place that child into a foster home.

The number one goal of OCH is to reunite the child with his/her biological family. If that is not possible, they work toward adoption. This is a very difficult task for older children, however. Eventually, when adoption is no longer an option, OCH works toward the goal of

*The Head Lion-er*

independence for the children who have now grown up and aged out of the foster system.

OCH takes its foster placement very seriously and works to create a good fit between the child and the foster family. They are also actively recruiting new foster families all the time. If you or someone you know is interested in becoming a foster parent, you can contact OCH to learn more.

**FOUNDATION FIGHTING  
BLINDNESS**

Lion Steve Sroka made his annual trip to our club to talk with us about Foundation Fighting Blindness, an organization he has worked with for 16 years. Lion Steve gave us an update on Lion John Corneille, who underwent a clinic trial to help restore his vision that was unfortunately unsuccessful.

Foundation Fighting Blindness (FFB) has a mission to fund research to end inherited retinal diseases. Since 1971, they are the largest non-governmental source of research in the world. Currently, they are funding 87 grants with 70 institutions.

FFB helped fund the research that led to the drug Luxturna, which is the first FDA-approved gene therapy for an inherited disease. He also talked with us about the RD Fund, which is working with venture capitalists to invest in companies and treatment with all returns going right back into the fund.

Lion Steve invited us to the Chicago

Vision Walk, which will take place on June 5 at Busse Woods in Elk Grove Village.

**NORTH CENTRAL COLLEGE**

Our club took a trip to North Central College on April 19 to tour their new Health Sciences and Engineering Building. Dr. Marci Swede spoke with us and took us on the tour. Dr. Swede is the Dean of the School of Education and Health Sciences at North Central.

North Central's health education programs are centered on patient care and relationships. Their programs include: physicians assistant, doctorate of physical therapy, and master of occupational therapy. They have also launched a graduate certificate in medical and regulatory writing. Many of these are brand new programs, which have just or will shortly receive accreditation.

Dr. Swede took our club on a tour of the building, which was brand new and state of the art. She showed us a classroom, which included a digital cadaver, which can be displayed on large screens. The tour included the clinical rooms, including physical and occupational therapy set-ups, as well as a full functional hospital room with artificially intelligent "patients" for the students to practice.
